

## PAW PAW SCHOOL LEVY NOW \$1.06

Janitors of Schools Appointed at Meeting of District Board.

FAIRVIEW, Aug. 25.—A revised school levy for Paw Paw District was laid by the board of education at its meeting in its office over the First National Bank here. Reports that a petition would be filed for the lowering of the levy seemed unfounded.

No one appeared to take exception to the levy estimated the preceding meeting of the board. The state tax commissioner and the state superintendent of schools refused permission to levy the additional 20 cents for new buildings and the rate of levy for the year was placed at \$1.06. It is believed that those who circulated the petition were unfamiliar with the school law and sent the petition to the state tax commissioner rather than file it with the proper local authorities.

In addition to laying the levy for schools, the board also appointed the following janitors: Fairview, Abe Wilson; Hivesville, Albert Toothman; Grant Town, W. W. Smith; Dakota, P. M. Rider.

**To Lose Citizens.**  
Two of Fairview's most prominent citizens are planning to take up their residences in Fairmont some time during September. They are J. Y. Hamilton, president of the Marion Construction Co., and Reason Fox, a Marion County real estate dealer. The reason for the change of residence is said to be twofold, namely to business and a place to educate their children. Both were displeased with the petition for and the reduction of the school levy which will seriously handicap the building program in Paw Paw District this year.

When she appeared on Adams street last night, Mr. W. Van wasn't quite sure what she was. So it asked her:

"I, sir," said she, "am the new flapper—the flapper for late summer, fall and winter, 1922."

"And what are those funny things on your feet?" asked Mr. W. Van.

"Those are the Style E Russias boots," said the new flapper. "How do you like the fur around the top?"

### Make Plans for Disposal of Silk Company Profits

TOKIO, Aug. 25.—Considerable discussion is going on among those interested as to the way in which the profit of the Imperial Raw Silk Co. is to be disposed of.

It is estimated that when all the remaining stock has been sold, the profit of something like 4,000,000 yen will be left awaiting disposal. Various suggestions are being put forward regarding its disposal, but the one that meets most support suggests the investment of the money for the establishment of a raw silk warehouse which will be capable of at least 100,000 bales.

As a larger part of the capital of the concern has been borrowed from the government at a nominal rate of interest, it will be necessary to receive its approval as regards the disposal of the profit. Should the concern as suggested be established, most of its shares will be taken up by the present shareholders of the Imperial Raw Silk Co. and at the same time the Yokohama Silk Textile Warehouse Co., with a paid-up capital of 475,000 yen will be bought up by the new concern. The accounts of the raw silk company will be made up during August.

## EVANGELIST WINS SUIT FOR DIVORCE

Charges That Trotter Was Father of Moody Child Not Substantiated.

GRAND RAPIDS, Mich., Aug. 25.—Judge Major L. Dunham of Superior Court today awarded a decree of absolute divorce to Melville E. Trotter, superintendent of Grand Rapids City Rescue Mission and nationally known evangelist.

He dismissed the suit for separate maintenance brought by Mrs. Trotter. He held Mrs. Trotter's charge that her husband had been unfaithful and that he had treated her cruelly had not been substantiated.

The court also held there was not evidence to substantiate the charges of Mrs. Trotter that her husband was the father of a child born in July, 1917, to Miss Florence Moody, secretary and bookkeeper at the Rescue Mission, or that he had "conducted himself with other women in an unbecoming manner."

The judge, in his opinion, declared he believed Mrs. Trotter was actuated in filing her suit for separate maintenance by the fact that she never has been able to persuade the defendant to confess that he was the father of the Moody child. The court also asserted Mrs. Trotter charged her husband with acts of alleged cruelty that "at the time they were committed, if they were committed, were overlooked by her and not regarded by her as of any significance."

The court, in his opinion, holds Mrs. Trotter was guilty of extreme cruelty by circulating stories to the effect that her husband was the father of the Moody child.

As permanent alimony, Mrs. Trotter is given the Trotter home and an adjoining house rentals which amount to \$125 a month.

She also is given the furnishings of the Trotter home and \$5,000 in cash. The Trotter estate is valued at \$85,000 or more.

### WIDOW OF PIANO KING AND WAR VETERAN MARRY

LOS ANGELES, Aug. 25.—Mrs. Marie Steinway, widow of a New York piano manufacturer, and Captain Lefevre, World War veteran, were married a week ago today according to a story published by the Los Angeles Examiner. Their marriage, which was performed in the Santa Barbara Mission with the old Jesuit ritual, was said to have followed a romance of several years. The bride came to California for her health and he and his bride will be living at Altadena, near Pasadena.

Captain Lefevre said he expected to be appointed military inspector at a Pasadena military academy and he and his bride will remain in this state for a year or two. He was quoted by the Examiner as declaring:

"The difference in our ages is a thing that neither of us has thought of. Mentally and sentimentally we are the same age. Love is as old as the world and is young as the morning dew. We love each other; we are very happy."

**STAYS IN AIR THREE HOURS.**  
BERLIN, Aug. 25.—(By The Associated Press.)—A new record for sustained flight in a motorless airplane was set yesterday by Herr Heston, student pilot of the Hanover Technical School, when he remained in the air more than three hours. The flight was made on the concluding day of the glider competition held in the Rhön Mountains, near Gersfeld. Heston's machine landed 350 meters above the starting point.

## NO COMPROMISE MADE BY ALLIES

Reparations Commission May Hold Special Meeting Next Week.

PARIS, Aug. 25.—The negotiations in Berlin between the reparations commission and German officials came to an end at noon today without having produced any compromise on the German reparation problem acceptable to both the British and French representatives, according to advices remaining in Berlin circles this afternoon.

Sir John Bradbury and Eugene Mucklerre, British and French representatives, respectively, of the reparations commission, were expected to leave Berlin this afternoon, arriving in Paris tomorrow. The French foreign office learned unofficially this morning that new proposals were submitted at the forenoon session by Germany but they were not considered important enough to warrant the mission's remaining in Berlin longer. The reparations commission's recent report therefore will draw the proposal to Paris, considering them en route.

It is now believed the reparations commission will hold a special meeting Monday or Tuesday, at which it will try finally to dispose of the question of granting a moratorium to Germany. If the last minute guarantees offered by the Germans prove to be as unsatisfactory as previous proposals the British are expected to try to postpone action by the commission in order to delay the carrying out of penalties independently by France with the hope that some way out of the difficulty may be found.
